WHO SHOULD ATTEND THIS COURSE	Those requiring a licence to operate a forklift truck

This course is based on the National Standard for Licensing of persons performing High Risk Work and meets state and territory licensing requirements. It requires the operator to be able plan the work, conduct routine checks on the forklift, shift loads in a safe manner, and shut down and secure the equipment after the completion of operations.

Content includes:

- Compliance with OH&S licensing legislation.
- Communicate and work safely with others in the work area.
- Identify hazards associated with the operation of the forklift truck and put in place effective hazard controls for those hazards identified.
- Conduct pre-start-up, operational, moving loads and shut down and secure checks of the forklift truck according to procedures.
- Operate the forklift truck and move loads safely, including driving and manoeuvring, picking up and placing of loads at various stack heights.
- Drive forklift truck with load in forward and reverse, maintaining visibility.

OUTLINE
